## Corner Guard Request for Quote

### Directions for using this form:

1. Please use one form per type of corner guard required. (See model numbers @ [www.wallguard.com](http://www.wallguard.com).)
2. Decide which type of corner guard is suitable for the type of impact in your area.
3. Determine height required, adequate protection and locate all areas that require corner guards and come up with a quantity.
4. Our standard for metal corner guards is to provide them undrilled with adhesive included in the pricing. Indicate if you require standard drilled or countersunk drilled instead.
4. Finally, submit your request and we'll send back a quote ASAP!
